

Delegation Name: Ukraine

Ambassador Name: Mina Akin

Distinguished Delegates, Honorable Student Officers, Advisors, and the Executive Board of the Turkish International Model United Nations,

I am privileged to stand before you today, representing Ukraine at this distinguished conference. We collectively have a great opportunity to address the pressing issues of our time, coming together as one under the principles of the United Nations.

The digital economy holds immense promise, opening up opportunities for innovation, global connectivity, and economic growth. Yet, it poses considerable challenges. Traditional industries feel increasingly out of pace, while workers are losing their jobs and the gap between skilled and unskilled labor continues to widen. For countries in conflict or recovery, such as Ukraine, the challenge to rebuild is quite real. We, Ukraine, believe that through international cooperation, we can transform these challenges into opportunities. Together, let us ensure a digital economy empowers all, builds peace, and secures a better future for every worker in every corner of the world. Let us seize this moment to champion collaboration, innovation, and empathy. In doing so, we set courses toward a future when the digital economy upholds humankind toward lasting peace and stability. We hope we will be able to help and contribute to finding a solution for this problem throughout this year's conference.

Thank you.
