

Delegation Name: Uruguay

Ambassador Name: Zeynep Elif Güner

Dear delegates, Student Officers, Advisors, and the Executive Committee of the Turkish International Model United Nations,

I am deeply honored to stand before you as the ambassador of the delegation of Uruguay at TIMUN 2024.

As we navigate a world transformed by rapid technological advancements, it is evident that traditional industries are undergoing significant upheavals. From the evolution of workspaces to the way technology integrates into our daily lives, these innovations are reshaping our perceptions of labor. The emergence of digital labor and associated technologies presents challenges to existing regulations, which are often inadequate to address the flexibility, unpredictability, and unique demands of the digital economy. This highlights the urgent need for new frameworks and policies to adapt to these changes and ensure fair labor practices.

In this era of increasing technological influence, regulating its impact on our lives is essential. Our theme, "The Uncertain Future of Traditional Industries: Labor in the Digital Economy," underscores the critical discussions surrounding how we can secure equitable solutions for workers and industries alike.

The delegation of Uruguay is dedicated to working collectively toward the objectives of this conference and aspire to collaborate with all participants to reach effective solutions and wish everyone a successful and engaging conference.
